Physical Therapy
KNEE Lotion

Athletically Tested

Advanced PT-7 Technology stimulates ligaments and muscles to 'switch on' and function normally

therapeutic roll-on

Infused with Arnica and Cedarwood

Deep penetrating relief. Immediate effect.
More movement. Less Pain. Direct to the source.

Physical Therapy for Knee Pain

- Physical Therapists are pain and movement experts
- Treatments are non-medical and are proven extraordinarily effective to treat all types of KNEE conditions
 - It is common for doctors, surgeons, and healthcare professionals to refer patients to physical therapy to compliment traditional medical treatments and surgical procedures
- In a physical therapy session, the practitioner manually stimulates ligaments and muscles to 'switch on' to restore knee function
 - They prescribe regular exercises to keep muscles and ligaments active and gradually your knee improves – move movement, less pain

HOWEVER, Physical Therapy treatments can be difficult to maintain

- You need to keep doing your prescribed exercises - commitment, effort, motivation - doing these on your own is challenging to maintain
- You may need to return to your therapist to 'switch on' your knee again and again and again...

PLUS – Physical Therapy treatments are an expensive luxury and not accessible to all suffering from KNEE PAIN...

Until now...

NEXT GENERATION QUANTUM Technology

- **Physical Therapy KNEE Lotion** unique blend of ingredients stimulates and awakens muscle and joint function in the injured KNEE to create a therapeutic effect
- Uniquely formulated **therapeutic roll-on lotion** targets the **source** and **symptoms** of KNEE pain to deliver **immediate relief** and **long term recovery**
- On contact **Physical Therapy KNEE Lotion Advanced Quantum Technology** stimulates dysfunctional ligaments and muscles to 'switch on' and function normally
- Infused with Arnica and Cedarwood its therapeutic lotion delivers natural calming and anti-inflammatory properties to your reactivated KNEE for immediate deep penetrating relief
- When your knee muscles and ligaments are 'switched on' and working normally you knee begins to heal - you start to walk, sit, stand, climb, run with freer movement and less pain
- Apply **Physical Therapy KNEE Lotion** regularly to keep your KNEE 'switched on' to support KNEE recovery. As you knee improves and you enjoy increased movement and less pain, you will find you will need to apply it less and less ...
- **More Movement – Less Pain – Direct to Source – Immediate Effect**

Physical Therapy **KNEE** Lotion

Delivering Extraordinary Results...

Multiple Clinical studies support its effectiveness

- Studies on professional athletes saw substantial increases in range of motion through the knee & external rotation
- Studies using ARX machines on elderly people demonstrate the switching on of the muscles to improve movement, force and power
- DARI assessments show improvement in range of motion in athletes
- APDM assessments show reduction in postural sway and increased balance stability

Endorsed by Physical Therapists

- Multiple treatments performed on clients show the KNEE functioning normally when **Physical Therapy KNEE Lotion** is applied

Physical Therapy **KNEE** Lotion

Endorsed by people with KNEE Pain

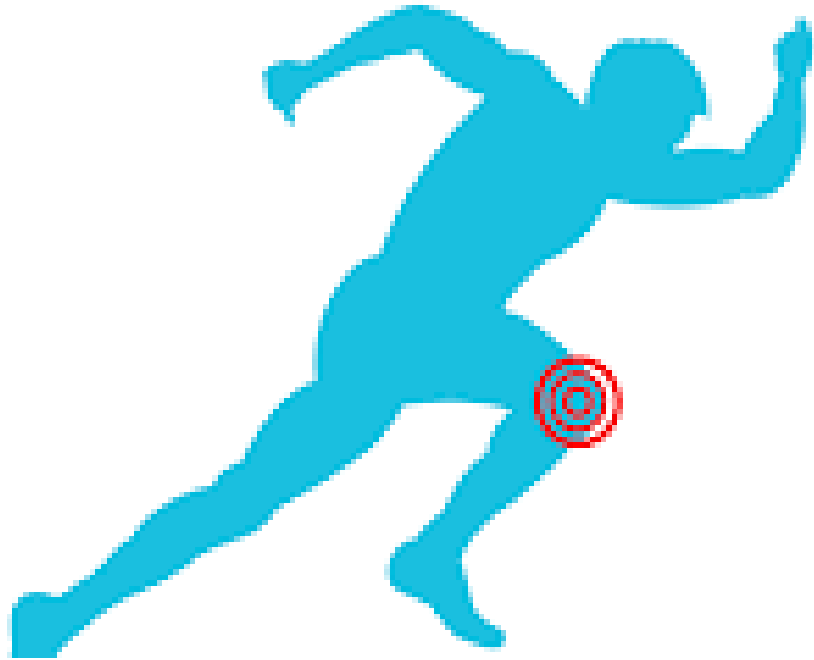

- “Instantly – the pain went away”
- “I went out for a walk and ended up jogging – my knee feels great”
- “I can move without flinching in pain”
- “I can walk up the stairs with ease again”
- “I put in on and forgot all about my knee pain”
- “Overall feeling of safety”

Physical Therapy KNEE Lotion

Delivering the effects of physical therapy direct to your KNEE – yourself!

- All natural ingredients
- Reports of overall wellness
- ZERO side effects
